Foreplay (The Ivy Chronicles, #1)
by Sophie Jordan

SYNOPSIS

Before she goes after the life she's always wanted, she's about to find the one she needs. Pepper has been hopelessly in love with her best friend's brother, Hunter, for like ever. He's the key to everything she's always craved: security, stability, family. But she needs Hunter to notice her as more than just a friend. Even though she's kissed exactly one guy, she has just the plan to go from novice to rock star in the bedroom—take a few pointers from someone who knows what he's doing. Her college roommates have the perfect teacher in mind. But bartender Reece is nothing like the player Pepper expects. Yes, he's beyond gorgeous, but he's also dangerous, deep—with a troubled past. Soon what started as lessons in attraction are turning both their worlds around, and showing just what can happen when you go past foreplay and get to what's real?
