by Edith Hamilton**

SYNOPSIS

For nearly seventy years readers have chosen this book above all others to discover the thrilling, enchanting, and fascinating world of Western mythology. From Odysseus's adventure-filled journey to the Norse god Odin's effort to postpone the final day of doom, Edith Hamilton's classic collection not only retells these stories with brilliant clarity but shows us how the ancients saw their own place in the world and how their themes echo in our consciousness today. An essential part of every home library, *Mythology* is the definitive

volume for anyone who wants to know the key dramas, the primary characters, the triumphs, failures, fears, and hopes first narrated thousands of years ago - and is still spellbinding to this day. Edith Hamilton is the acclaimed author of *The Greek Way* and *The Roman Way*, which have been read by generations of readers around the world. She was made an honorary citizen of Athens in 1957.
