Waking Olivia
by Elizabeth O'Roark

SYNOPSIS

"That girl isn't just trouble of the not-a-team-player, not-a-reliable-runner variety. She's trouble of the devious, manipulative, too-f***ing-hot-for-her-own good variety. She's the kind of girl who causes trouble merely by existing, and then makes sure to cause more. And the last thing I need right now is more trouble." A failing farm. His father's debt. And a struggling college track team. Will Langstrom has too many responsibilities, and the last thing he needs is Olivia Finnegan, a beautiful but troubled new transfer student. A smart mouth. A strong right hook. And a secret that could destroy her. Olivia is her own worst enemy, with a past she can't seem to escape, and the last person she wants help from is a cocky track coach she can never seem to please. Refusing to be pushed away, Will is determined to save her. And determined to resist an attraction that could destroy them both.
